

Sauk County Jail/Huber Center 2023 Annual PREA Report

The Prison Rape Elimination Act (PREA) is a federal law that was established in 2003 to help with the elimination, reduction, and prevention of sexual assault, abuse, and harassment in all correctional facilities.

The Sauk County Sheriff's Office (SCSO) has established a zero-tolerance policy for the incidence of any type of sexual misconduct involving inmates or staff in accordance with the Prison Rape Elimination Act (PREA). The SCSO policy and Sauk County Jail rules prohibit sexual intercourse, contact, or conduct between inmates. Violations will result in disciplinary sanctions. Inmate-on-Inmate sexual assaults will also be prosecuted according to Wisconsin State Statutes. In addition, any sexual acts between staff and inmates are ALWAYS prohibited and are a violation of SCSO policy, Jail rules and Wisconsin Law. Violators are subject to departmental discipline as well as prosecution punishable by prison sentences and fines. It is also inappropriate and against the rules for an inmate to approach a staff member for the purpose of sexual activity.

The SCSO thoroughly investigates all reported incidents of sexual misconduct, including sexual assault and sexual harassment, to determine the merits and validity of the allegations under scrutiny. After the investigation, all cases have been assigned a result of either substantiated, unsubstantiated or unfounded.

Substantiated - The event was investigated and determined to have occurred, based on a preponderance of the evidence.

Unsubstantiated - The investigation concluded that evidence was insufficient to determine whether or not the event occurred.

Unfounded - The investigation determined that the event did NOT occur.

We have identified areas for improvement and have implemented the following corrective actions:

We had a DOC PREA Staff Site Visit - No issues noted.

We reviewed and discussed upgrades to the facility - implementing body-worn cameras for deputies when they have contact with inmates.

The facility cameras were upgraded in 2023.

PREA educational videos were added on the tablets so inmates can access them during dayroom hours. They are available in English, Spanish, and Hmong.

We reviewed the staffing plan - No issues noted.

Policies & Procedures/Staff Training - Facility policies and procedures continue to be reviewed and adjusted for clarity and to increase and maintain compliance.

PREA Audit

In 2022, we had a PREA audit conducted for our facility. By law, every correctional facility is required to have a PREA audit done every 3 years. This was the second PREA audit at our facility and we were found to be in compliance. We received several “exceeds standards” and no corrective action was needed. We are preparing for the next audit in 2025.

**Annual report has been reviewed and approved by the Sheriff.
